

SETTING THE PROJECT: November

- **Logo competition:** Pupils in all partner schools create the logo of the project. The best logos in each country are selected by a committee and a group of pupils for each school will vote for the best one. The Coordinators of each school will meet on line and will vote for the winner.
- **Setting the e-Twinning TS and the project website.**
- **Presentation of the project:** teachers present the project to the students and local community.
- **In each school an Erasmus Corner will be created** with all the relevant information about the partner countries. (Erasmus corner in class)

RESPONSABILITIES AND FINAL PRODUCT FOR EACH PARTNERS

The Italian school “MattarellaBonagia”, as project Coordinator will monitor all the planned activities, create a web-site for the Project, collect all the feedbacks from the other partners and provide help if necessary. It will be also created A BOOK FOR SAFE USE OF I.C.T.

The School Coordinator will organize the first mobility for a staff meeting event about: “Setting the Project” in December 2021.

The Greek team will prepare an ARTICLES COLLECTION ABOUT INCLUSIVE TEACHING LEARNING PROCESS. It will include suggestions, lesson plans, example of activities given by all the school-partners.

They will also host a meeting for teachers and students " Together we learn, together we Plant” about Environment around us. Respect for our Planet” in December 2022. To develop children knowledge of the natural environment and the importance to protect our natural resources each partner will produce handcrafts made of natural materials and objects made from recycled materials. The Greek team will collect pictures of them and create a VIRTUAL EXPOSITION OF CHILDREN HANDCRAFTS. All students will be involved in planting a tree called "Together we learn, together we grow" as a symbol of Cooperation Partnership.

The Romanian team has the role of supporting the e-twinning and the social media platforms to widespread all the significant products of the project..

The Bulgarian team will focus on the multicultural aspect of the project, they will create a JOURNAL OF TRADITIONS WITHOUT BARRIERS with songs, dances, receipts and curiosities from the different countries.

The Italian team "Laura Lanza" will produce a "MANUAL OF SUGGESTIONS TO BE ACTIVE AND LIVE HEALTHY" and the "EVALUATION TOOLS" and support the first meeting in Mattarella-Bonagia school.

The Cypriot team will be responsible of all the recording of VIDEOS for each meeting among the school partners in the different countries. They will also host the final meeting among teachers and students about: " Keep safe and Free with I. C. T." in September 2023. Their final product will be a collection of works using web tools: "story jumper, powtoon, kahoot and tour- builder". Each school partner will prepare teaching games to improve English such as crosswords, multiple choice, kahoot, quizzes, once a year.
